

introducing the tool library

The Tool Library is Habitat Choptank's newest resource that helps community members gain DIY skills to make simple repairs, perform maintenance tasks, and complete neighborhood improvement projects.

The Tool Library is stocked with our most commonly used tools for repairs, clean-ups, and more, and can be used by community organizations and groups like churches, non-profits, and neighborhoods. The community provides the project, materials, and volunteers, and Habitat Choptank provides the tools and the know-how to get the job done!

The Tool Trailer is made possible through the support of the Nathan Foundation.

chairs with diy flair

8610 Commerce Dr. Easton, MD 21601 (410) 820 - 6186 Tue - Sat 10am - 4pm

ReStore

We're putting together a unique and creative auction!

The Habitat Choptank ReStore's April online auction features chairs with DIY flair! Local artists are selecting chairs from the ReStore and making one-of-a-kind creations. The chairs will be back at the ReStore by April 2 so that you can see them in person before you bid online!

The DIY chair auction will open online in April!

volunteers**

necesitamos
voluntarios bilingües
we need bilingual
volunteers

Habitat Choptank is in need of bilingual volunteers so that we can better serve Spanish-speaking communities in Dorchester and Talbot Counties.

If you or someone you know speaks English and Spanish and is interested in making a difference with Habitat Choptank, call (410) 476-3204 or email volunteers@habitatchoptank.org.

**"become a habitat homeowner"
informational session**

Habitat Choptank hosted an informational session on Tuesday, February 22 at St. Luke UMC.

This workshop, titled "Becoming a Habitat Homeowner," included topics like the basics of homebuying, the process of buying a Habitat home, and how to get started in the Habitat homeownership program. It was wonderful to be back in the community to talk about our homeownership program and to encourage community members to apply for it! Stay tuned for more ways we plan to get the word out about our program!

Click below to learn more about the Homeownership program!

did you know?

Did you know that Habitat Choptank also repairs homes?

Our Home Repair Program partners with low-income homeowners who need help to maintain and perform necessary repairs on their homes, allowing them to reclaim their homes with pride and dignity.

Families eligible for the Home Repair Program make 80% or less than the area median income, own their own home, and have resided in their home as their primary residence for at least one year. The cost of repair is calculated on an income-based sliding scale, and repaid at 0% interest, making home repair affordable.

The repair program helps revitalize the appearance of the neighborhood, strengthen connections within the community, and helps preserve affordable housing stock. Repair program services may include:

- exterior painting
- weatherization
- roof repairs
- accessibility improvements
- other critical health and safety home repairs
